This is just a quick note to thank you all for using the service. As you can see from the list below I am trying to bring down the cost of this service.

I will endeavour to try and bring it down further, should another few passengers avail of the service I will be able to do this.

Once again, many thanks

Jan. 09	Both ways	€575	Jan. 09	One Way	€380
---------	-----------	------	---------	---------	------

Running the service for several years but asked to take over directly from here

Sept. 09	Both Ways	€510	Sept.09	One Way	€340
